

# Dynamis

series

The Sentry Dynamis series is a practical video management platform backed by unsurpassed reliability and value. Offered in both a compact desktop style and 4U rackmounts, our Dynamis series is particularly well suited for use in applications requiring recording, viewing and playback from up to 200 megapixels from connected IP cameras.

The Sentry Dynamis series are available with Milestone™, maXia™ and GeoVision™ NVR / VMS software as well as compatible with software from other leading VMS providers such as Exacq™, Genetec™, etc... For more information, please contact a Sentry Account Representative at 1-866-736-8796.

All NVRs built by Sentry Security Systems Inc. feature Seagate Skyhawk Surveillance drives unless otherwise specified or requested.

## The Sentry Dynamis Series

Dynamis Micro Tower MT-60MP

Dynamis i7Pro 4U-85MP

Dynamis i7Max 4U-6B-85MP

Dynamis i9Max 4U-6B-200MP

## Dynamis i7 Pro & Micro Tower

### Versatility and Reliability

The Dynamis i7 Pro and Micro Tower provide core video management systems focused around reliability and value. Offered in both a desktop style (Micro Tower) and a 4U rack-mount (i7 Pro), this series is well suited for use in applications requiring recording, viewing and playback from 60 to 85 megapixels using traditional video management software with live viewing.
